

TWENTY-SECOND YEAR NO. 24

GLEICHEN, ALBERTA, WEDNESDAY SEPTEMBER 5, 1928

SUBSCRIPTION \$2.00 PER YEAR

## Official Report Women's Institute Conference

### MORNING SESSION

The appended report of the Seventh Annual Conference of the Gleichen Constituency of the Women's Institute as supplied The Call by Mrs. R. C. Asseltine, the Constituency secretary:

Starting at 10:30 a.m. the meeting proceeded as follows:

Opening—O! Canada and repeating of the W. I. Creed by the assembly.

Address of welcome by Mayor Purcell of Gleichen.

Reply to address—Mrs. Fulton of Langdon.

Reading—Mrs. R. E. Copeland of Langdon.

Constituency Convener, Mrs. Durston, then introduced the district director, Mrs. Alcock of Champion to the assembly.

Piano solo—Miss Valk, Gleichen.

Reading of constituency financial report by the constituency secretary, Mrs. Asseltine of Queens-town.

Reading of reports of the following places by the W. I. delegates: Standard, Langdon, Queens-town, Cluny and Strathmore.

Piano solo—"Evening Star" from Thänhauser, Mrs. Asseltine, Queens-town.

Report of conveners of standing committees.

Education and better schools—Mrs. Sorenson, Strathmore.

Legislation—Mrs. Alston, Milo, not present.

Household economies—Mrs. Hulbert, Milo.

Canadian industries—Mrs. Duncan Clark, Cluny.

Report on immigration—Mrs. Freeman Thompson, Cluny.

At 12:45 the meeting adjourned for the luncheon which was arranged by the Gleichen W. I. ladies and supplied and served by the Ladies Circle of Gleichen United Church, proving a sumptuous affair. Starting by all rising and repeating the Creed, copies of which were laid on each plate. The ladies were busy with "eats" until 2 o'clock when they all returned to the assembly room. Seventy-nine ladies sat down to the banquet.

### AFTERNOON SESSION

The report of the Gleichen W. I. was read by their secretary, Mrs. Sather.

Vocal solo—Mrs. Burch, Cluny, accompanied by Mrs. Asseltine, of Queens-town.

Report on Canadianization—Mrs. Snyder, Langdon.

Reading (humorous)—Mrs. King-smith, Queens-town.

Vocal solo—Mrs. McArthur, Gleichen.

Director's report and address—Mrs. Alcock, Champion.

Readings—Mrs. Scott, Gleichen.

Vocal solo—Mrs. F. Gibney, Gleichen.

Report on better schools (Standard) read by constituency secretary.

Election of officers came next and convener for constituency, Mrs. Durston of Queens-town was re-elected by acclamation. She has not chosen her secretary yet.

Conveners of standing committees:

Child welfare—Mrs. Harry Scott, Gleichen.

Education and better schools—Mrs. Ralph McComber, Queens-town.

Legislation—Mrs. Fulton, Indus, Alberta.

Household economies—Mrs. Moe, Langdon.

Immigration and Canadianization—Mrs. Thompson, Cluny.

Agriculture—Mrs. Louis Jeffries, Queens-town.

Canadian industries—Mrs. Duncan Clark, Cluny.

Mrs. E. Jones, president of Standard local at this time invited the conference to meet at Standard next year.

Resolutions were brought forward next. Mrs. Fulton proposed a hearty vote of thanks to the hospitality of the Gleichen ladies which was

loudly responded to.

The piano selection by little Miss Valk was much appreciated during the morning session.

The session closed with the singing "God Save the King."

Among those who registered were: Mrs. F. C. Alcock, Champion; Mrs. Dahl, Standard; Mrs. A. Loy, Cluny; Mrs. W. Smith, Langdon; Mrs. S. Dorin, Langdon; Mrs. F. Thompson, Cluny; Mrs. J. L. Barger, Cluny; Mrs. W. H. Palmer, Cluny; Mrs. J. Nichol, Cluny; Mrs. Bates, Gleichen; Mrs. Pinder, Gleichen; Mrs. Downey, Gleichen; Mrs. Sorenson, Strathmore; Mrs. DeWitt, Strathmore; Mrs. D. Snyder, Langdon; Mrs. M. G. Hulbert, Milo; Mrs. F. Fulton, Langdon; Mrs. C. Brinker, Milo; Mrs. M. Peterson, Milo; Mrs. G. Jones, Gleichen; Mrs. G. H. Collins, Standard; Mrs. G. Govril, Standard; Mrs. H. E. Watwood, Queens-town; Mrs. Rubbelke, Queens-town; Mrs. J. Kingsmith, Queens-town; Mrs. Sloan, Queens-town; Mrs. Eller, Queens-town; Mrs. Durston, Queens-town; Mrs. Wagnman, Langdon; Mrs. R. Callison, Cluny; Mrs. M. Doan, Langdon; Mrs. Cowen, Langdon; Mrs. McLaughlin, Cluny; Mrs. R. Edwards, Cluny; Mr. E. Amon, Cluny; Mrs. Beattie, Cluny; Mrs. Ostrander, Gleichen; Mrs. Sather, Gleichen; Mrs. Way, Strathmore; Mrs. H. Scott, Gleichen; Mrs. E. Todd, Strathmore; Mrs. R. Copeland, Langdon; Mrs. Lewis, Langdon; Mrs. D. Clark, Cluny; Mrs. A. E. Ferngren, Milo; Mrs. R. W. Brown, Gleichen; Mrs. Valk, Gleichen; Mrs. Lee, Standard; Mrs. Bailey, Cluny; Mrs. Jeffers, Queens-town; Mrs. R. Asseltine, Queens-town; Mrs. Shore, Queens-town; Mrs. Nelson, Queens-town; Mrs. G. Burke, Queens-town; Mrs. R. McComber, Queens-town; Mrs. Mallet, Queens-town; Mrs. E. Jones, Standard; Mrs. Messenger, Standard; Mrs. C. Anderson, Standard; Mrs. A. Messenger, Standard; Mrs. M. Raamussen, Standard; Mrs. L. A. Leavens, Cluny; Mrs. G. Gross, Cluny; Mrs. H. Birch, Cluny.

Visitors: Mrs. J. Fischer, Arrowwood; Mrs. M. Hanson, Standard; Mayor N. T. Purcell, Gleichen.

It's strange how much the world's statesmen are thinking about "unthinkable" wars.

Plans are reported to be on foot among sheep raisers to establish in Vancouver a wool grading centre similar to that functioning in Trenton, Ontario, where at present most of the wool business of Canada is conducted. An authority states this would probably have the result of increasing the returns to the producer from 25 to 50 per cent.

Although the automobile is sometimes said to be a rival to the railroad, it gives the latter a great deal of traffic. The number of freight cars used by the Canadian Pacific Railway for the transport of automobiles has doubled during the past five years, and the latest order of 300 new cars for the company has just been completely filled.

Trans-Atlantic records have been made by two new vessels, the "Duchess of Bedford" and the "Duchess of Atholl," the first two of the new cabin class quartette to be built by the Canadian Pacific Steamships. The former has just accomplished an eastbound voyage from Liverpool to Montreal in six days, fourteen and a half hours, while her sister ship, enroute at the same time, made a westbound crossing from Montreal to Liverpool in six days, 13 hours.

The second school car operated jointly by the Canadian Pacific Railway and the Ontario Department of Education has been issued from the Angus Shops, Montreal, for service in the district west of Fort William. The car is a remodeled first class coach equipped like an up-to-date "little red schoolhouse" with bright classroom, with blackboard, globe, school books, regulation desks, and so forth; a library for the use of students and adult visitors as well; and comfortable living quarters for the teacher. The school car is able to reach remote areas where permanent school facilities are not available.

## Three Attractive Features

The annual riding and camping expedition of the Trail Riders of the Canadian Rockies has many attractive features, but at the top of the list were undoubtedly the three charming maidens photographed above who took part in a 250 mile ride, joining up with the main group that visited the Lake of the Hanging Glacier. They are Kitty Maizey, Betty McCullough and Betty Hall, all of Philadelphia.

### CROP REPORT

ISSUED BY DEPARTMENT OF AGRICULTURE SEPT 1, 1928

Broken weather during the first two weeks in August retarded the ripening of crops and delayed harvesting a few days. The warm weather of the past ten days has, however, been beneficial in drying the grain for cutting, and the ripening of the late grains, and cutting is now general over the entire province. The Peace River country reports seventy-five per cent of the cutting done and threshing expected to be general by next week. Central and southern parts of the province report 25 to 30 per cent of cutting done. Very little threshing has been done to date and no estimate can be made at the present time of the yield of the different grains. We do not anticipate, however, any increase in total yield of wheat over that of 1927. The quality of the grain being harvested throughout the province is good. Frosts have occurred in almost all parts of the province but these have been confined to small areas and the average percentage of damage from frost for the province will be small, not more than 10 per cent at the most. Hail damage has been heavy also in a few districts but the average for the province will be less than last year. The per centage is estimated to be approximately 14 per cent of the insured acreage as against 17 per cent last year. The crop in general has been singularly free from disease and insect pests. Labor appears to be plentiful throughout the province, wages running from \$3.50 to \$5.00 per day. Swathing machines and combines are being used more generally in the province than was the case last year and harvesting should go forward rapidly.

The acreage sown to wheat will be less than estimated at the beginning of the season owing to the dry weather at wheat seeding time. This land, however, was sown to coarse grains and the total acreage of the province is approximately the same as estimated.

The best crop of Southern Alberta is progressing well and promises a good yield per acre.

Panama City, at the end of the Panama Canal, which was founded by the Spaniards in 1519, is believed to be the oldest town built in America by Europeans.

Mrs. Frances W. Cooper, of Brookline, Mass., performed the unprecedented feat of making two successive holes in one on the Chestnut Hill golf course, while on a practice round.

A perfect wife and a perfect husband would have little to talk about.

### OBITUARY

Sincere sympathy is expressed through the district with Mr. and Mrs. W. F. Leadbeater, in the loss of their twenty-months-old boy, Roy John, who passed away on Sunday, September 2nd, at Shouldice from an attack of "flu".

The funeral service were conducted by the Rev. Corcoran on Monday, interment being made in the Gleichen cemetery. The pallbearers were Messrs. R. Hunter, H. Paterson, C. Boos and J. H. Smith. Mr. and Mrs. Leadbeater desire to express their most sincere appreciation of the many kindness shown them during the sickness and death of their son. Among the floral offerings were noted the following: Father, Mother and Walter, Grandfather and Grandmother, Aunt Stella and Uncle George, Uncles Alvin and Bert; Mr. and Mrs. McCorkle, Mrs. N. J. Lord, Mr. and Mrs. C. Boos, Mr. and Mrs. Alden Smith, Mr. and Mrs. Harp and family, Mr. and Mrs. S. E. Dafeo, Mrs. G. E. Leith, The Hunter's and Mrs. Hodge, Mr. and Mrs. Thompson and family and the residents of Shouldice district.

A doctor advises painting the lips with iodine before and after kissing in order to kill germs. But how could a fellow tell whether her iodined lips signified a confession or an invitation?

**ECHOES OF GLEICHEN**

**Taken From The Gleichen Call, 1908**

The school picnic promises to be well attended.

J. H. Caldwell and wife were in from Dorothy Tuesday.

T. Bensted was a visitor Tuesday from Bluespring.

The Blackfoot Indian agency is preparing to dip cattle.

Mr. Larkin returned yesterday from his trip to Prince Edward Island.

Mr. and Mrs. Geo. H. Walsh were down from Calgary Friday and took in the dance.

A dance will be given in J. B. Legget's new implement warehouse on Monday evening.

It has now been many months since some of our business men have attended the Board of Trade meetings and others have attended only when their interests were likely to be

affected. Thus leaving the widest interests in the hands of a few, who may later be found fault with by many.

The Gleichen hotels have been doing a big business for the past few months with land seekers.

Mrs. F. H. Blackburn took her baby boy to a Calgary hospital last week owing to a severe illness.

Traffic over the Bow River bridge is now general and the south farmers are already hauling in grain.

Some of the machinery for use in the new elevator arrived yesterday. This looks like business at last.

Geo. Saskaway got his leg severely injured Sunday by his horse falling. He left for his home in Calgary that night.

The big round-up of beef cattle is now being made among the ranchers along the Red Deer River and Crowfoot creek and a full trainload will be shipped from here next Tuesday.

It is stated the C. P. R. contemplate building a railroad from Kininivie to Didsbury and that the survey of this road is located twelve miles north of Gleichen.

W. C. Simmons, the Liberal candidate for this riding, held meetings last week at Rosebud, Carbon and Rodonville, returning to Gleichen Sunday evening.

The garden party given by Mrs. and Miss Stocken last Thursday afternoon at the North Camp proved a delightful affair. Rev. Canon Stocken gave a short address. There were about thirty ladies present.

J. Urich has purchased A. J. Renaud's cigar and fruit store. Mr. Urich has only been in Gleichen a short time but is very well known. Mr. Renaud has built up a sound trade during the year and a half that he has conducted the business and has disposed of it to give his farm northeast of town his closest attention.

Messrs. Poe & Young finished loading the first carload of wheat Saturday evening shipped from Gleichen of this year's yield, which was purchased by Mr. E. C. Henroth and shipped to the Medicine Hat flour mill. The price paid for the 1000 bushels was 80c. per bushel, being six cents more per bushel than could have been realized at Fort William on that date.

The Alberta Pacific Elevator Co. has been unavoidably delayed in building their elevator at Gleichen. The elevator will be ready about the 20th of September. This will be good news to our farmers as many have not had time to build granaries and want to sell their grain as it comes from the thresher. Mr. Pagett has arrived and is getting the warehouse in readiness.

The grain, grasses and other farm produce obtained by the Gleichen and District Board of Trade for the exhibit car to be sent over the Rock Island-Frisco railroad were excellent.

## CLUNY For Sale

12 roomed house in good condition on two lots, good outbuildings, flowing well. \$1,500, \$750.00 cash, balance arranged.

**Western Farms**

EQUIPPED with the special grain body it  
insured, the New Chevrolet Utility Truck  
is the ideal haulage unit for the Western Canada  
farmer.

It handles full loads with the greatest ease . .  
enables you to cut down the time and expense  
of hauling . . and offers dependable perfor-  
mance, even in heavy mud and sand. Practically  
every part of its chassis is oversize.

Come in and see the new Chevrolet Utility Truck.  
You will find that it affords everything you could  
possibly want in a haulage unit. This is the only  
trucking power—remarkable performance—ama-  
zing handling ease—and outstanding economy of  
ownership and operation.

Let us give you figures on its low maintenance costs.

column inch first insertion and 40c  
for each subsequent insertion. Read-  
ing matter accepted only with display  
advertising at 15 cents.

Business notices are added to all charges.

**THE ART OF KEEPING YOUNG**

Why should anybody ever grow  
old? Scientists tell us that ever pass-  
age of our bodies, every tissue and  
fiber, is renewed every few years, so  
that the bodies we have today are not  
at all the bodies we had a year or  
two ago. If this be true, and there  
seems to be no question of its accu-  
racy, the question arises, "Where  
do we become old?" And the only  
answer that can logically be given to  
that question is that we become old  
only in our minds. We think we are  
getting old, we believe it, therefore  
we get old. It must be so. If our  
bodies do not get old but keep ever  
young, we believe we are ageing  
then the ageing must be in our  
minds, not being in our bodies.

The art of keeping young would,  
therefore, seem to consist in keeping  
the mind young in its outlook, in see-  
ing visions rather than in dreaming  
dreams, in taking notice of the fight-  
ing years, and visualising ourselves as  
being constantly young.

Birthday  
anniversaries are nice occasions, es-  
pecially when they are remembered  
by others, but they are, after all, only  
so many milestones that remind us  
of the number of miles and years trav-  
elled and that we are that much nearer  
to the end of the road. It may not  
be a good thing to be reminded of  
the swift pace of growing years. We  
seem, somehow or other, to get into  
the idea that when a certain mile-  
stone is reached our work is done  
and all that remains is to make ready  
for when, as a matter of fact there  
is no justification for anybody dying  
at all, granted that our bodies are  
constantly getting renewed, as sci-  
ence declares.

We should associate with youth  
more than we do, get a youth view-  
point on things, forget the past, let  
the future take care of itself and live  
in the ever-present Now. It is al-  
ways Now. To know we are living  
now is enough. When we learn how  
to do that we have learnt the art of  
keeping young. Above all, we should  
never think of "retiring." Men who  
retire from business usually retire to  
the graveyard. Three score years  
and ten is a divinely-ordained  
limit upon life. In fact, the man who  
coloured the phrase, Moses, lived to the  
age of one hundred and twenty. We  
should remember that One said, "I  
am come that ye might have life and  
have it more abundantly" and simply  
take Him at His word. It would  
probably mean eternal life for the  
race if we would but do so.

**THE DEAD HAND**

"Government operation of busi-  
ness lacks imagination and origi-  
nality. It never creates anything—  
except jobs. It is a dead hand on  
initiative."

So reads a paragraph by Merle  
Thorpe, quoted in the Publisher's  
Auxiliary. Local publishers and  
printers can also testify that the  
government in the controlling printing  
business for half a century has robbed  
them of hundreds of thousands of  
dollars worth of work, which  
would have materially helped them  
to better serve their communities.

This sort of competition on the  
part of the government is utterly  
indefinite, particularly for the  
reason that by doing this work it  
less than cost the deficit must be  
made up by the taxpayers, including  
the printers whose business is Je-  
nared by this practice.

Cases are known in which poi-

sonaters drawing large salaries have  
devoted time to personally soliciting  
this petty business. What local  
printer could employ a man at a sal-  
ary of \$3,000 or \$4,000 a year to  
solicit nothing but envelope printing  
jobs? Yet that is a fair sample of  
the government in business.

**"WEN A PUSSY CAT DIES"**

You've as stiff as an old as a stone,  
Or wif big, nasty brids,  
De've, done frowed you out an' let  
you alone.

Little cat!  
I've wipkin' you're fur,  
But you don't never purr,  
Nor hump up anywhere.

Little cat—"W'y is dat?"  
You're purrin' an' humpin' all done?  
W'y fer is you'se little foot tied,  
Liddle cat?

Old day plan you've tumnick inside,  
Liddle cat!  
Did day hurt you wif kids,  
Or wif big, nasty brids,  
Or poun' you wif sticks,  
Liddle cat—how be dat?

Little cat!  
An' holle whenever you cweat?  
Liddle cat—how be dat?  
Oh w'y didn't you wun off an' die,  
Liddle cat?

Little cat!  
I've all wet in my eyes  
Cos I'most alais gries  
When a pussie cat dies,  
Liddle cat. Fink of dat?

An' I've awfully sorry besides.  
Dest lay down dew in de soff' gown'  
Liddle cat.

While I put de green grass all round',  
Liddle cat.  
Uy wot't hurt you no more  
When you've tired and sore—  
Dest lay teries,  
Liddle cat—"W'at a pat,  
An' forget all de kids of de town.

# Heads British Delegation To The Parliamentary Association Meet

London, Eng.—It is announced that in view of the appointment of Lord Hailsham, lord chancellor, as acting prime minister in the absence of Premier Baldwin, Viscount Peel has been appointed chairman of the United Kingdom's delegation to the meetings of the Empire parliamentary Association in Canada in the next few weeks.

Viscount Peel is first commissioner of works in the government and has held numerous appointments from 1900. He was under secretary of state for war from 1919 to 1924. He is 61 years of age. The prime minister having expressed a strong desire that the United Kingdom delegation should include two members of the government, the association has invited Hon. P. G. Williams, parliamentary secretary to the board of trade to join the delegation.

The delegation is expected to arrive at Quebec on August 24, and in company with other Empire delegations will make a transcontinental tour of the Dominion before leaving Sydney, N.S., on October 5.

## Receives Re-Appointment

Dr. McLean To Be Assistant Chief Commissioner Of Rail Board

Ottawa.—Dr. Simon J. McLean, Ottawa, has been re-appointed assistant chief commissioner of the board of railway commissioners. Dr. McLean's term of office expired August 6, and his re-appointment is for a further period of ten years. Dr. McLean was originally appointed to the board in 1908.

The term of Commissioner Frank Oliver will terminate toward the end of September, when Mr. Oliver will have reached the age limit of 75 years.

Dr. McLean drafted the Dominion Railway Act, and his re-appointment for a third term creates a precedent. Since the formation of the Board of Railway Commissioners in 1904, Dr. McLean has been the only commissioner to be re-appointed after expiration of the ten-year term.

While no official statement has been made in the matter, it is rumored that legislation may possibly be introduced at the next session of Parliament providing for the superannuation of members of the board.

## Death Of Canadian Novelist

Mrs. Isabel Ecclestone MacKay, Dies At Her Home In Vancouver

Vancouver.—Mrs. Isabel Ecclestone MacKay, Canadian novelist, poetess and playwright, wife of Peter J. MacKay, official reporter of the Supreme Court of British Columbia, died at her home here after a year's illness. She was born in Woodstock, Ont., 52 years ago.

The late Mrs. MacKay was the daughter of Mr. and Mrs. Donald MacLeod MacPherson, of Woodstock, and came to Vancouver 19 years ago.

She was the authoress of several novels, including "House of Windows," "Up the Hill and Over," "Mist of Morning," "The Window Gazer," and "Gengawrow." Mrs. MacKay was also the writer of a book of lyrics, "Flies Of Driftwood," and a volume of poems for children entitled "The Shining Ship."

She also wrote a number of plays which have been produced in Canada and the United States.

In addition to her husband she leaves three daughters.

## Farmers Seek Relief

Nearly Million Dollars Damage From Floods In Southern Manitoba

Winnipeg.—One hundred and fifty farmers of the Sperling District in Southern Manitoba, claiming to have suffered less to their crops amounting to nearly a million dollars this season as the result of floods, have directed an appeal to the government for drainage relief.

According to a spokesman for the distressed farmers, approximately 100 sections of land were inundated during June and July, destroying grain after it was in the head, and ruined grazing lands.

The government is being urged to reconstruct its drainage system in the affected area. Premier John Bracken and Hon. W. R. Clubb, minister of public works, following a trip of inspection of the flooded lands, promised early consideration of the request.

## Praises Pool System

Toronto Professor Says Pool Has Revolutionized Morale Of Farming Community

Williamstown, Mass.—Agricultural co-operation is not merely a marketing device but a means of lifting the farmer to a plane of greater prosperity and keeping him there, Prof. C. R. Fay, of the University of Toronto, told the Institute of Politics here.

"In Canada," he said, "the wheat pool has revolutionized the morale of the farming community, relieving the farmer of the difficulty of deciding when to sell, eliminating the pressure to sell at certain seasons, and basing all farm marketing on statistical knowledge."

The co-operative system he declared, is of special benefit to the small farmers, whose plane of living has been raised to the highest level it ever reached.

In the United States the government's attitude toward the farmer's problems is one of encouragement through active assistance in research and educational facilities, C. L. Christensen, chief of the department of co-operative marketing of the department of agriculture, said.

## Fatal Crossing Accident

Three Killed and One Badly Injured At Grade Crossing In Alberta

Calgary.—Three were killed, one fatally hurt, subsequently succumbing in hospital and one other dangerously injured in a crossing accident at the town of Okotoks.

The dead are A. J. Clarke, deputy sheriff of the town of Sunburst, Montana, his wife Jennie, and his two boys, Garry aged ten, and Lloyd aged four.

A daughter, Ada, aged about 15, lies in hospital in High River in a precarious condition.

The party were touring on holidays and had been staying at Coult's, Alta. They left there with the intention of driving to Calgary.

When within 27 miles of their objective they met tragedy, due, it is thought, to the driver being blinded by the oblique rays of the setting sun as he made his way in a north-westerly direction over the crossing.

## Inspect Australian Ship

12,000 People Visit New Cruiser During Stay At Montreal

Montreal.—H.M.A.S. Australia, flagship of the Royal Australian Navy, sailed for Quebec following a visit of several days to Montreal. It is estimated that 12,000 persons visited the new cruiser while she was here.

The Australia will remain at Quebec four days, following which she will proceed to Halifax, which will be visited on August 22. Other places to be visited include Boston, August 25; New York, August 30; Chesapeake Bay, September 4; Colon, September 17; Tahiti, September 20; Wellington, N.Z., October 9; Brisbane, Australia, October 17; Sydney, N.S.W., October 23.

## Recognition Of Ecuador

United States Now Convinced Of Country's Good Intentions

Washington, D.C.—The United States has accorded complete recognition to the Government now functioning in Ecuador, the State Department announced.

Secretary of State Kellogg has informed the Ecuadorian Government by note that beginning immediately the United States, convinced of Ecuador's good intentions to return to a constitutional form of government which it abandoned in 1925, accords recognition to the present regime.

## Mine Blast Is Fatal

Calgary.—L. L. Johnson, for years chairman of the Department of Soldiers' Civil Re-establishment at Calgary, was instantly killed when a charge of dynamite exploded prematurely in Mr. Johnson's mine at Dodds, Alta., according to information received here.

## Miners For Harvest Fields

The Pas, Man.—Men are flocking in from railway construction camps along the Flin Flon railway seeking higher wages in the harvest fields in the interior. Five hundred men have departed from The Pas on the last two trains going south.

## Gold Strike In Ontario

Rich Find Is Reported In Vicinity Of Mine Centre

Toronto.—A special despatch to the Mail and Empire from Loehals, Ont., says:

"Reports from Mine Centre, west of Fort William, on the Canadian National Railways, bring word of what is described as a sensational gold strike made on the Johnson claims at that point. The claims are located south of the Foley mine of British-Canadian Mines, Ltd., and east of Little Vermilion Lake.

"A mining engineer returning from the scene of the strike says that the ore taken from the surface is glittering with visible gold which would run thousands of dollars to the ton, and is said to equal or even eclipse the remarkable find made on the Isabella property of Northern Red Lake Mines, Ltd., reported several weeks ago.

## Message From Amundsen

Believe Note Found In Bottle To Be In Handwriting Of Lost Explorer

London.—Despatches to the Daily Mail from The Hague state that the Norwegian Minister at Amsterdam announced an apparently genuine message from Roald Amundsen, noted explorer who was lost while participating in the expeditions seeking the crew of the wrecked Polar dirigible Italia, had been found in a bottle near Rottumeroog.

The message, which was compared with Amundsen's handwriting and was said to be authentic, gave the position of the explorer and his party on July 1.

Rottumeroog is in the Netherlands Islands in the North Sea.

Amundsen and four companions have been missing since they started in a French seaplane to search for the Italia party.

## HON. PHILIP ROY RECOMMENDED AS ENVOY TO PARIS

Ottawa.—Hon. Philippe Roy has been recommended by the Dominion Government to His Majesty the King for appointment as Canadian minister plenipotentiary to Paris, Premier King has announced.

Mr. Roy has been Canadian commissioner in Paris for the past 18 years.

No action to appoint a Canadian minister to Tokyo has yet been taken, the prime minister said.

It is expected that the formal commission for the appointment of Mr. Roy will be issued by His Majesty in time for the opening of the legation in Paris during the first week of October.

Mr. Roy was born on December 18, 1868, at St. Francois, Que., and was called to the Senate on March 8, 1906. He was appointed to Paris on May 1, 1911, being one of the administration of the late Sir Wilfrid Laurier. Mr. Roy was also appointed agent-general for the province of Quebec at Paris on January 15, 1912.

## BRITISH STUDENT HARVESTERS

British university students seeking information, experience and adventure are coming to Canada to help with the harvest in the West this year and places for them are being found by the colonization department of the Canadian National Railways. If they are all of the type of the first four to arrive in the West both Canada and Great Britain should gain by their enterprise. The photograph shows the advance guard of four of these young men. From left to right, with the places where they are being stationed, they are: W. D. Harrison (Marcelin, Sask.); E. A. Corcoran (Weldon, Sask.); F. W. Beale (Carleton Place, Ont.); and J. D. Preston-Jones (Atwater, Sask.).

## Hinds Native Sons Of Canada

Dr. J. H. Cotton, of Toronto, was elected president of the National Council of the Native Sons of Canada at their annual meeting in Regina. Dr. Cotton is the first eastern member of the organization to be appointed to the presidency. Formerly he was appointed to the vice-presidency of the council.

## Influenza In the North

Serious Epidemic Has Broken Out In Mackenzie River District

Winnipeg.—A serious epidemic of influenza has broken out along the banks of the Mackenzie River with considerable loss of life, according to a letter received from Rev. W. E. Singleton, principal of the Hay River Indian school of the Indian and Eskimo mission of the Missionary Society of the Church of England.

At Fort Resolution, where Slave River flows into Slave Lake, 20 deaths were reported. At Hay River, towards the west end of the lake, there were ten deaths. The toll of deaths at other points was thought to be even greater, the letter stated.

The Manitoba Division, Dominion Department of Indian Affairs, had received no information of any epidemic in this province.

## Fuller Party Reported Safe

Have Been Reprovisioned and Are Now Headed For Shores Of Hudson Bay

Regina, Sask.—Three weeks ago the John D. Fuller expedition of student geologists from Iowa into the north was safely launched on a new and shorter route to Hudson bay. The four men, who have been almost given up as dead for the past six weeks, have been reprovisioned and given new equipment for the trail. They are now headed along the route through Neultin Lakes and smaller bodies of water and down the Thlewiaza River to Hudson Bay. They are expected to emerge near Driftwood Inlet, halfway between Chesterfield Inlet, their first objective, and Fort Churchill.

## Church Is Desecrated

St. Jerome, Que.—Vandals entered the Roman Catholic Church here and laid waste many sacred articles. Sacred vessels were thrown around the chalice and the main body of the church, while the priests' vestments were torn and slashed and scattered around the edifice. A chalice containing the Host was broken to pieces.

## Hope For Peaceful Relations

Kellogg Peace Pact A Revolutionary Policy Among Nations

Wausau, Wis.—Within a fortnight of the date on which the international treaty for outlawing war is to be signed, President Coolidge declared before the Wisconsin State American Legion here, that the Kellogg pact "holds a greater hope for peaceful relations than was ever before given to the world."

The President maintained that by taking a leading position in securing this agreement, the United States proved its pacific inclinations toward all nations.

"We have demonstrated," Mr. Coolidge declared, "that when we have said we maintained our armaments, not for aggression, but purely for defence, we were making a candid statement which we were willing to verify by our actions."

The President said that while "it would be too much to suppose that war had been entirely banished, yet a new and important barrier, reasonable and honorable," has been created to bar it.

"This agreement proposes a revolutionary policy among nations," he said. "It holds a greater hope for peaceful relations than was ever before given to the world. If those who are involved in it, having started it, will finish it, its provisions will prove one of the greatest blessings ever bestowed upon humanity. It is a fitting consummation to the first decade of peace."

## To Take Care Of British Harvesters

Effort Will Be Made To Provide Permanent Work Throughout Winter

Saskatoon, Sask.—If the British miners who are coming to the west to work in the harvest fields do not obtain permanent work throughout the winter it will not be the fault of the railway companies or want of effort on their part.

No stone will be left unturned to try to keep these men here and in the opinion of T. Devlin, local manager of the Canadian National colonization department, future immigration from the British Isles depends largely on the success or failure of this venture.

Mr. Devlin said that he could see no reason why the project should not prove an outstanding success. "The men who are coming are by no means strangers to hard work and they know just as much about farm work as the average harvester from Eastern Canada," he says.

## Expedition Well Equipped

Commander Byrd's Antarctic Venture May Cost One Million Dollars

New York.—The Antarctic expedition of Commander Richard E. Byrd, which starts from this port this week, will be the most extensive expedition in the history of exploration and may cost one million dollars.

At the expedition's headquarters here, it was said the cost would be not less than \$855,000, and before the expedition returns to this country may reach \$1,000,000.

Contributions received to date include \$435,000 worth of equipment and \$237,543 in cash.

The total expense of Commander Byrd's North Pole expedition in 1926 was \$140,000.

## SPIRITED FIGHT ON LAKE ERIE WITH RUM FLEET

Buffalo.—The struggle for supremacy between the rum running fleet on the Niagara River and Lake Erie blazed into spirited action in which government boats set afire and sank one craft and captured two others carrying contraband liquor and ale.

At Niagara below the Falls a speedy boat carrying many cases of both whiskey and ale fell into the hands of the federal patrol.

Earlier in the day the C.G. 121 sighted a suspicious looking craft off Brocton, on Lake Erie. A chase followed during which the government boat fired 50 rounds.

After the gun fire had set the rum runner ablaze the coastguard boat took off the crew of two men and stood by while the damaged craft burned to the water's edge.

The other boat was caught on Lake Erie, off Barabona. Three hundred rounds were fired at it before the crew decided to heave to and surrender. Two men and a small quantity of liquor were found.

# Heavy Toll Of Life Taken As Natives Of North Succumb To 'Flu Epidemic

## All Bitterness Forgotten

Remarkable Tolerance Is Shown In Irish Free State

Victoria, B.C.—Right Hon. Hugh Kennedy, chief justice of Ireland and honorary member of American and Canadian Bar Associations, was the guest-speaker at the Canadian Club luncheon here.

"We had a fight with England but that fight terminated in a treaty of peace, and a reconciliation was reached which I believe has wiped out the rancor which existed in the past," the chief justice said.

One of the first steps in the re-organization of the country was placing agriculture on a firm basis, as agriculture for years to come would continue as the foundation of prosperity in Ireland, he said.

He said that the Free State had shown a remarkable degree of tolerance with the test of religion never entering into politics. As an example, he referred to the fact that the minister of finance was a Presbyterian from an Orange county.

## Will Be Buried In North

John Hornby and Companions To Be Interred At Spot Where They Perished

Ottawa.—The bodies of John Hornby and his companions, Adair and Christian, will probably be buried at the spot where they perished on the shores of the Thelon River. It is a practical impossibility to bring the bodies back to civilization, particularly at this time of the year, Mounted Police officials stated today. During the winter months dog sleds might be used but it is regarded doubtful if even this method would be feasible.

Identification of the explorer and the other members of the party is positive, it is stated. Papers on the bodies assisted in the identification.

In order to effect the burial Mounted Police officers will have to travel west 300 miles from Chesterfield Inlet.

## Sees Wave Of Prosperity

Crop This Year To Produce Two Billion Dollar Yield

Victoria, B.C.—"Canada's crop will this year give her farmers a two billion dollar yield and the wave of prosperity and progress which is sweeping from coast to coast across the Dominion will give a tremendous impetus to the country's trade and business generally," declared Dr. J. H. Gisdale, federal deputy minister of agriculture, who was in Victoria recently.

"Three years ago British Columbia was importing eggs," said Dr. Gisdale. "Then she exported two cars in one year. Last year she sent between sixty and seventy cars to other parts of Canada and to England. This year British Columbia has already exported between 200 and 225 cars, and all in a period of about six months."

## SUNDAY SCHOOL LESSON

AUGUST 28

PAUL AT PHILIPPI

Golden Text: "Rejoice in the Lord always: again I will say, Rejoice."—Philippians 4.4.

Lesson: Acts 16:16-40. Devotional Reading: Isaiah 53:6-13.

## Explanations and Comments

The Second Christian Convert In Philippi, verses 16-13.—Paul was greatly disturbed at Philippi by a fortune-telling maid who kept following him and Silas and crying, "These men are servants of the Most High God, who proclaim unto you the way of salvation." Professor Ramsay thinks that the slave girl's mind had become distorted and diseased by her belief in her supernatural possession, but was all the more acute in certain perceptions and intuitions, and that she had become alive to the normal influence which the intense faith of the strangers gave them.

The girl followed Paul and Silas for many days, and her reiterated chant drew a crowd of curiosity seekers. Paul was "sore troubled," and at length he turned to her, and in the name of Jesus Christ bade the spirit leave her, and she became wholly normal. Nothing further is told about this girl whose story arouses our sympathy. One writer expresses his belief that "She would partake of the generous help of Lydia and of the other Christian women at Philippi, who would see in her no longer a bond-servant of the men who had dominated over her, but a sister beloved in the Lord."

Edmonton.—Scouring the population along the banks of the Mackenzie River, the influenza epidemic which has been raging in the North for some time has taken a toll of 275 of the native population within a period of a couple of weeks, according to a report received in Edmonton.

As far as is known only one white man has succumbed to the disease.

A total of 53 are now known to have succumbed at Fort Simpson alone, according to a radio message received by Jack Stewart, a trapper at that post. The message was sent by a man named Sherwin.

The full total of the deaths caused by the disease may not be known for months until police patrols and trappers returning to their lines among the hills and barren land find teepees with their occupants possibly all dead.

The points along the Mackenzie that have been badly hit are: Fort Resolution, with 50 deaths; Fort Simpson, 53; Fort Rae, 33; Fort Norman, 28; Fort Goodhope, 26; and Fort McPherson, 21. Deaths at other points have also been heavy.

Northmen say that the natives are apathetic when attacked by the disease, sitting moaning and walling in their camps and cabins, instead of making an effort to fight the sickness. They throw away the drugs given them by medical men and missionaries because it does not effect an immediate cure and wait patiently, either to die or to recover.

Only one white man has died in the North from the disease so far as has been reported.

## For Open Door Policy

Jan Smuts Wants Larger White Population For South Africa

Cape Town.—A strong plea for a vigorous immigration policy for the Union of South Africa was made by former Premier General Jan Smuts, leader of the opposition, in a speech at Reinz, Orange River Colony.

"South Africa must throw open wide its doors to immigration, for a larger white population is the best solution of the 'poor white' problem," he said. "We should open our doors as the United States and Australia did."

"South Africa is often inclined to talk big and boast of no further immigration being needed because the country is over-populated," Smuts said. "Just as we laugh at our forefathers so will our descendants laugh at the present absurd restrictions on immigration."

## Aerial Sham Warfare

Two Accidents Was the Result Of The Manoeuvres Over London

London, Eng.—The aerial sham warfare over London, in which hundreds of 'planes have been engaged for four days, was marred by the first two accidents of the manoeuvres. No one was hurt.

Flying Officer L. C. Bennett was forced to jump in a parachute when his 'plane burst into flames over Richmond. He landed safely on a house top. A 'raiding' bomber, engaged in an attack on London, made a forced landing in a field and was damaged, but the pilot and observer escaped without a scratch.

## Successful Expedition

American Expedition To Central Asia Makes Valuable Discoveries

Peking.—Roy Chapman, leader of the fourth central Asiatic expedition, returned to Peking after covering 5,000 miles on what he described as one of the most successful trips ever made.

The chief prize of the expedition is the fossilized skull, teeth and shoulder bones of a pre-historic monster with a saddle-shaped head. "The specimen is of the most colossal animal that ever existed," Mr. Andrews said. "It is unknown to science. Only part of its head bones alone weigh more than 500 pounds."

Montreal Garment Workers Quit

Montreal.—Twelve hundred employees and 70 work shops in Montreal are affected by the present "stoppage" of work of local members of the Amalgamated Clothing Workers of America. It is not spoken of as a strike by union officials because not all the shops of the city are affected. Speedy termination of the dispute is expected.

Italy has just had a "Book Day". We would favor a day for returning borrowed ones.

Mary Pickford isn't going to play little girl parts any more. That's right, Mary be yourself.

In Alameda, Spain, women are taxed according to the length of their skirts. No skirts, no taxes!

Correct this sentence: "I always study the party platform carefully before I decide how I shall vote."

A doctor says one woman in ten is low-legged. A statement which may be checked up with little trouble.

In fighting on the Indian vote, it should be remembered that while Curtis is a Kay, Smith is of the Tammany tribe.

Patrick J. McElride of Manchester, Eng., who played a piano 77 hours continuously, declare he will play 100 hours at his next attempt.

Chicago version: A pineapple a day will put a greater awe.

The new Republican treasurer is named Mott, but we'll bet he isn't one.

## Town & District

Ideal harvest weather.  
Read the Live Store ad.

H. W. MacCallum has something to tell you in this issue.

Mr. and Mrs. H. W. MacCallum were visitors to Banff over the week end.

Miss Kent reports attending a party in ancient Victoria where no tea was served—how and why.

Mr. and Mrs. F. P. Fidler spent from Thursday until Tuesday visiting friends in Banff.

D. Hardwick, wife and children were among the Scotch at Banff Sunday and Monday.

Charlie MacKay left yesterday for Melrose, where he will again take a position on Archie MacLean's ranch.

Mr. and Mrs. MacCallum and children motored to Banff to take in the Caledonian sports returning Tuesday morning.

Since Monday the air has been full of smoke. Evidently there are some great forest fires raging in the mountains.

Gleichen was a quiet town Labor Day, many of our denizens going to Banff, Calgary and other points, while some pic-niced along the Bow River.

Rev. C. R. Corcoran, wife and family returned from spending a month's vacation at Gull Lake, where they greatly enjoyed themselves.

Already Miss Sutherland and Miss MacCallum, two of our new members of our school staff, have visited The Call office and pronounced on the mysteries of our typewriter. Come again.

Mr. and Mrs. W. Davies, of Toronto, are spending a few days visiting her cousin Mrs. Geo. W. Evans. They are motoring through on a business trip to Vancouver and will return through the States.

The Call staff observed Labor Day part visiting Delta, and others gazed upon the wonders of Banff and Victoria. Now is a good time to visit the world's most wonderful tourist resort, if you like solitude or love nature.

W. F. Robson, of Cunny, was a visitor to Gleichen Tuesday, for the first time in a couple of years. He reports his crop a good one this year and says the Cunny district generally will ship a great amount of grain this year.

Miss Kent returned Sunday afternoon after spending two months at the coast. During that time she attended lectures on "Advanced Primary Methods" and was successful in obtaining a special Primary Certificate along that line.

One of the heaviest winds of the season was experienced throughout this district Monday night and although there were no very serious results reported it stirred up several fires that were believed to have been put out and caused much uneasiness. Just one more evidence that too much care cannot be taken in burning refuse.

Monday night Mrs. J. Robinson discovered a fire in an outbuilding at the rear of Mr. T. H. Beach's residence on Seventh Avenue, and by promptly reporting it the fire boys were able to extinguish it with the chemical engine. It is believed to have been started by sparks from a rubbish fire carried by the high wind blowing that night.

Tuesday morning Gleichen public school was duly opened with a good attendance of children for the new term. There is an entire new staff with the one exception of Miss Kent, who will again have charge of the two primary classes.

Mr. Badger is the new principal, who comes highly recommended. Miss Melrose has charge of grades 7 and 8, Missutherland of 5 and 6 and Miss MacCallum of 3 and 4.

Henry Ford will grow oranges in Florida. New some competitor will be man enough to say he has been selling lemons for a good while.

A German merchant was fined for selling a Bible captioned in so advertisement. Evidently they don't believe in truth in advertising over there.

## Speeding Up Business

THAT'S exactly what we are doing at the Ramsay Mercantile store. Interesting our customers in our Fall Stock. Goodwill in business today does not cut any ice. Buyers demand Values and Service and go where they get them.

### LADIES FALL COATS

Our first shipment is here. Coats are very much better values than last season, and there are some magnificent cloths and styles on the market. We are showing Ramsay values in Fur Collared Coats from \$19.50 to \$30.00.
